

UNIVERSITY OF NEW ENGLAND **CAREERS AND BENEFITS**

Purpose, Community, and a Commitment to Our Team

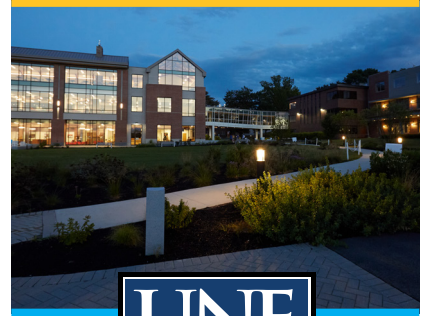

FIND YOUR PART AT MAINE'S LARGEST PRIVATE UNIVERSITY

The University of New England is proud to employ more than 1,500 people, putting us on the list of the 25 largest private employers in Maine — but the numbers don't tell the full story. At UNE, we're about people, community, and purpose, and we pride ourselves on the supportive, mission-driven environment that we offer to our employees.

Visit our waterfront Biddeford Campus or our tree-lined Portland Campus, and you'll be met by friendly colleagues who encourage and inspire one another and who believe that what they do — regardless of their position — makes a difference.

Such special people deserve the best an employer can offer. That's why we provide a variety of flexible benefit options to our hardworking team of faculty and professional staff. From our generous leave package, retirement plan, and premium health insurance, to daily perks like free mass transit use and restaurant discounts, these benefits are just one way we show our appreciation.

See what career awaits you at UNE. Visit une.edu/unecareers.
